

IDEAL INTERNATIONAL SCHOOL

The plan of the school building is prepared by a leading architect of Indore and the construction has been carried out under his experienced supervision. The plan of the school is a unique one. It has air-cooled eco-friendly building with open to sky space in between and basement parking of vehicles to ensure safe & secured transport. The School has fully equipped Montessori, Science, I.T. and Language labs. We are using multimedia aids for teaching regular topics of Science, Maths & Social Studies from 1st to 8th classes. The campus is situated in the city. The school currently conducts classes from Nursery to Grade 8th. In child-friendly and stress-free environment, children learn at their own pace and in harmony with their interests, ensuring academics success for each child. The school believes in 'learning by doing' that ensures that children truly understand what they learn. They are encouraged to participate in varied activities, which allow them the freedom to express their imagination and creativity.

Director's Message

"Excellence is an art won by training and habituation. We do not act rightly because we have virtue or excellence, but we rather have those because we have acted rightly. We are what we repeatedly do. Excellence, then, is not an act but a habit." - Aristotle

We strive to build independent, responsible, global citizens through a widely accepted curriculum and practices that are founded on learner-centric education.

I believe in the above school of thought as each and every child is unique in his/her own way and requires a different learning methodology. We imbibe this learning methodology in our curriculum by providing the best academic guidance and a wide platform to explore extra-curricular interests and learn innovative skills.

Our state-of-the-art, infrastructure and modern schooling techniques place us a league ahead of others. Ideal International, Indore is equipped with air cooled building, smart classrooms with C.C.TV, high tech computer lab, library, swimming pool and splash pool for toddlers.

The quality of our work is directly proportional to the commitment we practice. The team at Ideal International is an experienced one having extensive know-how and expertise in value-based, futuristic education, allowing the students to grasp much more than just the basics.

With Ideal International's pedigree, systems and processes, we are taking our vision to the pinnacle of excellence and delivering the global standards of education that every student deserves. I endeavor to bring this world-class education within easy reach, for our next generation to get ignite, learn innovation and take initiative. We aim to nurture the future.

A.K. Tiwari
Director

Principal's Message

Ideal International has come up with the motive to provide global platform to the students and enhance their urge worldwide. We will impart world class education through the best use of modern resources, developing young minds to think, question and create.

The students should grow into balanced individuals with a scientific bent of mind but without losing touch of Indian values and culture with its warmth of relationship. Initiative to bring about improvement in the world around, coupled with good manners; students should bring about sunshine wherever they be. We strive to provide the children of India with the necessary skills to face the challenges of the 21st century.

As we open our doors to each new generation of students, expectations run high as we believe that each and every one of them will grow into the stars in our skies. Every day, every year we scale new heights, never standing still.

We strongly believe in Child Centric approach to allow the child to make their own choices and establish their own ideas towards promoting competent communication and learning. Helping them evolve mentally and physically, encouraging them to lead healthy lives.

Today, the world has become a global village. Hence we provide infrastructure and environment not merely for information and knowledge but for the education of the children so as to enable them to face the ramifications of globalization.

It will be our concerted effort to shift the emphasis and focus from teaching to learning, based on the activities of the child where the child is actively involved in the process of learning by doing. As every point of learning the child will be admired and praised so that the child develops the sense of self achievement, fulfilment, self-confidence and self-esteem.

Pooja Tiwari
Director & Principal

Smart Class Room

Smart class is a digital initiative for schools that improves teachers' effectiveness and productivity, brings abstract and difficult concepts of life and makes learning an enjoyable experience for students. It enables multisensory learning and improves visualization to strengthen the academic performance of students.

Montessori Lab

The Montessori system of education is the most scientific, comprehensive and effective system of early education. In our endeavor to ensure holistic development for our children in their foundation years, which promotes integrative growth in physical, intellectual, moral emotional and social areas, we have set up a well-equipped Montessori lab.

Montessori Class Room :- Vibrant, colourful & fully charged class rooms are provided for montessori children which ignite curiosity, innovate creativity and initiate learning among the young ones.

Science Lab

"Whole world is a laboratory to the enquiring mind" ! At Ideal International we provide a platform to the inquisitive minds to perform and satisfy their queries. Our lab exposes all the concepts of science, working on the principle of Hand's Learning and Learning by doing concepts. The lab has been specially created to excite, engage and involve students with the world of Science.

Computer Lab & Language Lab

A Hi-tech computer lab with latest software configuration is provided to the students to create a competitive techno – savy future generation.

In order to enhance linguistic skills right from the primary level, we have a profound language lab. It helps a child in enriching the vocabulary, pronunciation, sentence formation and listening as well as comprehensive skills.

Library

Books are the best friends of human and information is the heartbeat of meaningful living. The superbly well stacked library is at the disposal of students. The endeavor is on inculcating the reading habits in children, giving a free rein to their imagination and minds in comfortable and conducive ambience.

Reference section in our library supports the curriculum and beyond. Separate section for toddlers mind is also facilitated with colorful and pop-up books to attract young readers.

Music & Dance Room

Music and Dance are two eminent parts of student's personality. Music and Dance help students in mental and physical development and enrich concentration power. We have an air cooled and well armed separate music and dance studios for developing the essence of team work, co-ordination and expression for our students.

Art & Craft Studio

Art & Craft is an integrated part of learning. We have separate class room for imparting training in the field of Art & Craft where students love to spread fragrance of their creativity & imagination. It gives a reign to their imagination to create their own masterpieces and design the future in an indispensable manner.

Wonder Land of Toddlers

It is rightly said that, 'All work and no play makes Jack a dull boy'. To enhance the creativity and recreation of the toddlers, we have created a wonder land full of slides, swings, ride on, rockers and adventurous games. Tiny tots play here and make it lively with their presence.

Swimming Pool & Baby Pool

We believe that swimming can help to save life someday. It is an exercise which keeps the entire body and mind in shape. At Ideal International, we have indoor swimming pool facilitated as per norms which enables a student to swim throughout the year in a clean and clear water.

We have a "splash pool" for toddlers, which is surrounded by ocean theme and has beautiful waterfalls inviting the young ones to step in water.

Play Ground

Playing sports is a great way to exercise & keep our body fit & healthy. We facilitate outdoor activities like volley ball, football, basketball, skating, cricket, high jump, long jump etc. There is separate athletic track and skating rink for our students as well. Besides these, for outdoor recreation, our students will enjoy the outdoor swings and slides.

Amphitheatre

The IDEAL INTERNATIONAL provides a self – development program for children through a carefully constructed, progressive drama syllabus. Children learn to be confident and expressive as they gain good command over communication skills. In our amphitheater, students learn the acting skills, body language, presentation skills, linguistic skills, improves accent and voice modulation. In addition, this type of program also reduces the stage fear of our students.

Adventure Zone

Our adventure zone contains the challenges like commando net, wall climbing, rapling etc. It is not only fun, but children will gain high – level confidence when they accomplish tasks and finish obstacles. In the course they will become physically fit. The adventure zone activities ensure gross motor and also fine motor development of the students. Also, it focuses on developing confidence, team spirit, trust, stamina, power and challenges.

Indoor Sports

Indoor sports like badminton, table tennis, chess, carrom, etc. allow us to play regularly, unaffected by weather conditions. At IDEAL INTERNATIONAL, we provide all these facilities to nurture our students through out the year & enable physical fitness and mental stability to them.

Transport Facility

Ideal International owns a fleet of transport which is designed for the safety and comfort of students. We have highly trained drivers and conductors to run our transport. Being centrally located, in the heart of the city, the traveling time for all the students is very less. The school operates different bus routes and answers the safety and security of all the students. Here we provide basement parking for all the vehicles to avoid road accidents.

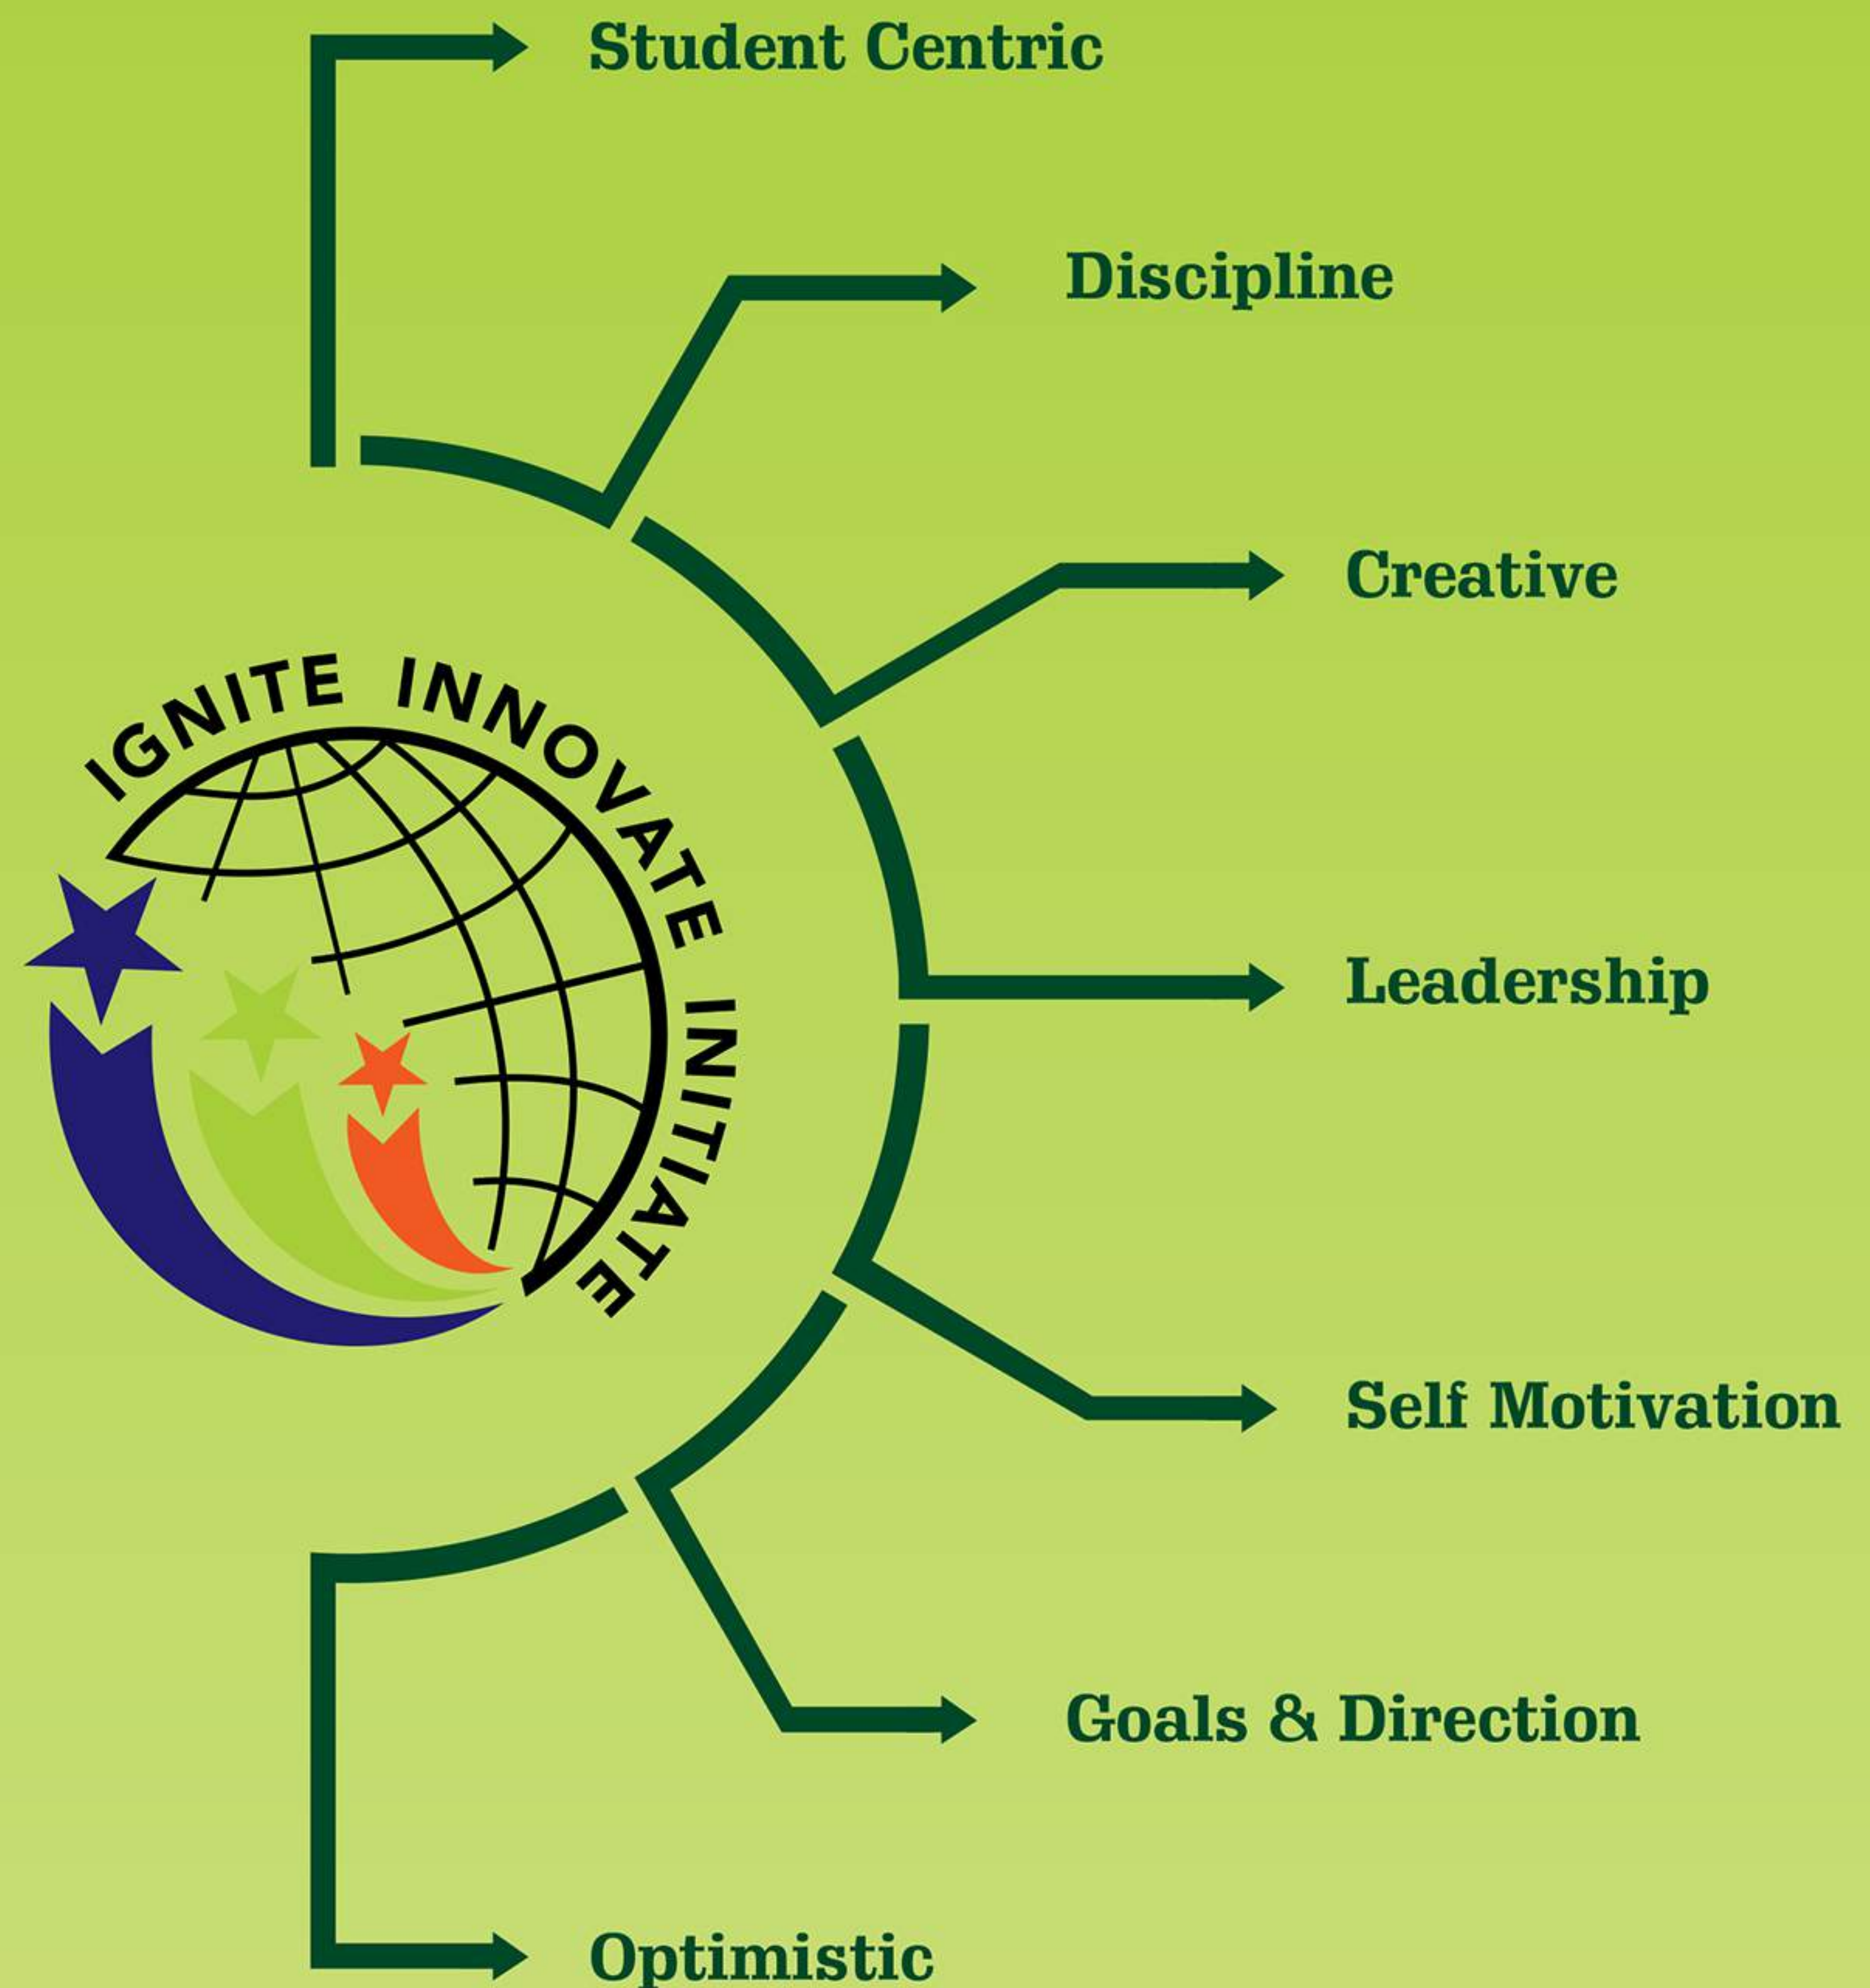

Mess

It is a compulsory facility extended to the students in an air cooled dining hall with a capacity of 650 students dining at a time. The school serves vegetarian, Indian, Chinese and South – Indian cuisine for which the menu has been designed by expert nutritionist and is cooked in the campus ensuring adherence to stringent quality checks. Ingredients are sourced from assured quality suppliers. The professional chefs will prepare recipes under hygienic conditions.

Other Facilities

- ▶ Air Cooled Building
- ▶ Basement Parking
- ▶ Counselling Room
- ▶ Wi-fi Campus
- ▶ CCTV Surveillance
- ▶ Sick Room
- ▶ Lift Facility
- ▶ 6 Emergency Exit Doors
- ▶ Safe & Secured Transport Facility
