Academic Session
2021-22

Principal's Dashboard-

"Developing student's critical thinking, collaboration and communication skills so that they can make firm decisions and stand by them in the future is our soul motto of imparting education, we at Ideal International School believe that our idealities have the potential to run the future world"

- Ms. Pooja Tiwari

Right from our inception we have endeavoured for providing integrated, interdisciplinary and fun-based learning experience to our students.

Our aim is to nurture individuals' potential by providing positive reinforcement in this the teaching pedagogy helps us impart not only spiritual knowledge but also the trivium and quadrivium in education. We spare no efforts in equipping our youth to face the challenges of the future for leading the society from the forefront, while ensuring that they enjoy learning.

Integrating the benefits of NEP we are determined in developing the scientific temper among our students. We encourage peer-tutoring as a voluntary and joyful activity for our fellow students under the supervision of trained mentors. My very competent team of teachers strive to focus on each and every child, monitor and mentor them, appreciate their achievements and encourage them to overcome their shortcomings.

We at Ideal International School Give Space to Grow as each child has a unique evolvement in life.

-Pooja Tiwari
Principal and Director

From the Director's Desk-

Arise! Awake! Ascent! to a greater height and greater tomorrow.

With the ever-changing world in terms of technology and prospect, there is a change in the importance of the values to be imparted in accordance with the times. Keeping up with the constant process of change, we have the vision to facilitate learning and provide a healthy learning environment to help our children develop into Resilient, Righteous, Responsible and Respectable youth by showing them how to

make right choices, have an inquisitive mind and be a lifelong learner.

My dear children, we know that you are mindful and focused youth. As digital and social media has become more and more prevalent in the life of learners, it was only a matter of time before learning became 'blended' by necessity. We wish to nurture you into a perfect blend of ethics and quantifiable success. Abstraction and absorption of these vital Moral Values like honesty, confidentiality, conflict of interest and responsibility is what we try to instil in each student.

Just having wings and thunderbolts are not sufficient to reach heights of success and satisfaction in profession or for that matter, in life. One needs to practice the learnt ethics. We at Ideal International School believe in unified communication to bring out complexity, increase options and eliminate binary thinking. Our team at Ideal International has always been reciprocal and effective with regards to communicating with Parents and Students. We have ensured transparent and accountable governance to adapt good ideas into well applied ingenuities.

Let us all come together to build a strong future generation who could take on the challenges of the world bravely and turn them into their advantages, Which I'm sure they will.

God bless us all and help us to accomplish success in our endeavours.

-Awadhesh Tiwari
Director

that is the goal of true education"**

-Martin Luther King Jr.

WE are Preparing Students for THEIR Future

"If today's students want to achieve their goals, they must learn to become proficient communicators, innovative creators, sharp critical thinkers and multifaceted collaborators."

Today's world requires a multi-dimensional approach to the learning experience. At Ideal International School, 21st-century skill-based

curriculum pivots away from content acquisition and rote memorization to focus on the skills and abilities that will best serve our generation of young minds. Student's engagement and hands-on, interdisciplinary learning are championed over conferring information.

21st-Century Skills

Foundational Literacies

How students apply core skills to everyday tasks

1. Literacy

2. Numeracy

3. Scientific literacy

4. ICT literacy

An investment in knowledge pays the best interest. –Benjamin Franklin

Educational Excursion : Science Expo MPVS-2021

Directional thinking is a key to develop scientific aptitude among children, with the aim of converting this objective into an opportunity, the school participated in the Science EXPO.

"The more that you read, the more things you will know, the more that you learn, the more places you'll go." —Dr. Seuss

Pens & Brains. “If you have knowledge, Let others light their candles with it ”

In order to bring students closer to literature and its universal appeal, we, at IIS, conduct plethora of activities to help our idealites deepen their understanding of literary skill and refine nuances of the language. Taking this legacy forward, our students spectated the Central India's largest literary festival. It offered a unique opportunity for our students to hear some of the greatest contemporary literary stalwarts together on a single platform.

It is better to debate a question without settling it than to settle a question without debating it. -Joseph Joubert

Exuberant Expression... growing through introspection

All the world is a laboratory to the inquiring mind.' –Martin Fisher

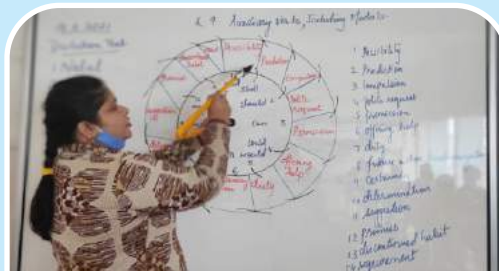

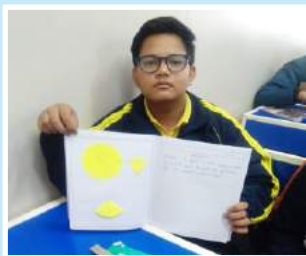

Preparation towards life's vision of achieving what we dare to dream.

In play: children learn about friendships and how to negotiate with others in social situations. Such were our respective subject ameliorations where our future's budding nurses, environmentalist, chefs, architects, astronomers and mathematicians scored it with their presentations and innovative ideas.

"Technology will never replace great teachers, but in the hands of great teachers, it's transformational" -George Couros

Ethos-n-Echoes

Nurturing passion of excellence : a platform of excel.

A child's mind is like a wet clay and needs to be handled with care. Keeping this in mind, we at Ideal International School, Indore provide an encouraging and loving atmosphere, infused with a lot of fun, so that students shed their inhibitions and learn with a free mind. The methodology that we use to teach the students is CHILD CENTRIC and ACTIVITY BASED, which involves a lot of co-curricular activities which help the children in comprehending and retaining the concept in a better way. The curriculum planned, focuses more on depth and is progressive and flexible in its approach and is adjusted according to the learner's need. The children are given activity based assignments to check the retention of the concepts taught. We emphasise more on experiential learning. We also promote self control and inner discipline in children through appropriate interaction.

"Education is the key that unlocks the golden door to freedom." —George Washington Carver

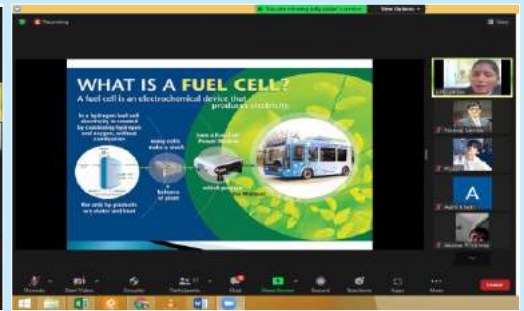

Webinars : Ameliorating Ourselves each day!!

Awareness Seminar on Robotics

Parenting Seminar on Importance of Play

Current Affairs Seminar on "World's Largest Hydrogen Fuel Cell Power Plant"

Seminar on Kindness and Compassion

Seminar on Stranger Danger

Seminar on Self Hygiene

Seminar on Table Manners

**What exercise is to the body,
knowledge is to the mind.**

Just as variety and festivity adds spice to our routines, Seminars give a new dimension to hands-on learning experience. To strengthen this concept, a variety of seminars were conducted by experts in various fields ranging from personality and cultural enrichment, current affairs, robotics, career counseling, and academic subjects. Our Idealites get exposure to the outside world and their interactive nature equips them to face the challenges of the dynamic environment. This enriches the bonding between the school, students and parents to a greater extent.

Spectrum of Events : Fabricating Strong Roots ; Knowing our Past, Origin and Culture.

The celebrations, customs and rituals of any institution reveal a great deal about its culture. How people link their past with their present, what behaviors are reinforced, what assumptions are at work and what is valued?

Celebrations in IIS have become an integral part of joyful learning, community building and thought provoking processes, cultural festivals, National & International days are celebrated with great enthusiasm and pride. Children are exposed to the essence of the festivals through stories, music, dance, food, discussions and a variety of hands-on activities and projects.

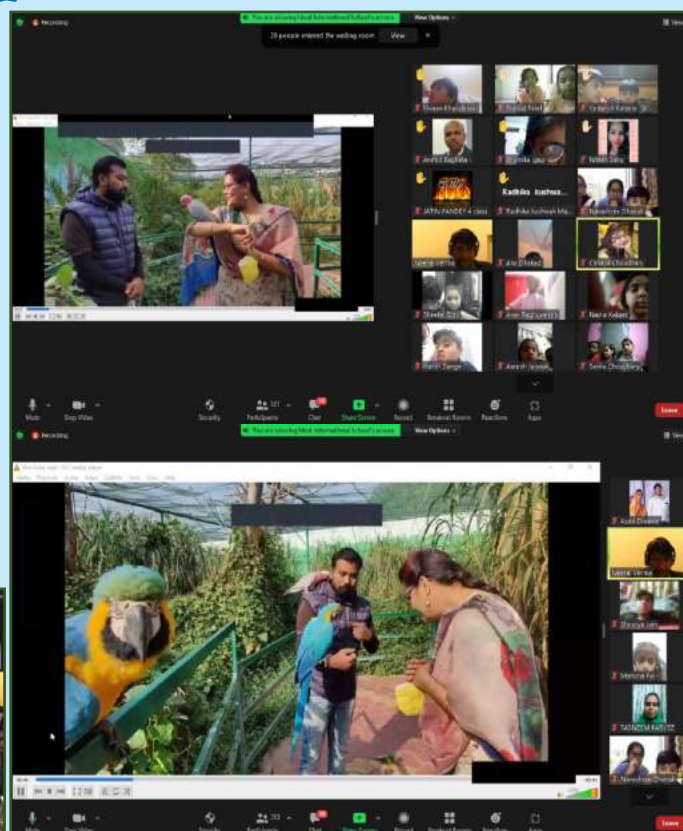

The festivals are not only connected to our culture and roots but to ones inner world too.

Exuberant Expressions

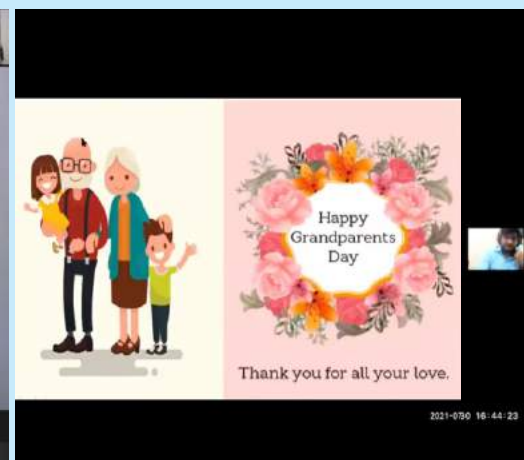

Virtual visit to the zoo on the occasion of *Children's Day*

Learning About a State's Native Species. Sites of sophisticated breeding where endangered species are protected and studied. This picnic came in with a difference, our kids virtually toured at the Kamla Nehru Prani Sangrahalaya exploring 30 species of birds in MP's first aviary in city zoo. Our kids adored the whistling of birds present at the zoo.

A Priceless treasure - My Grandparents

Kisses and cuddles, cookies and treats, days spent with our grandparents are always so sweet. Our caring idealities shared their day's routine, caring and thanking their Abuelo's and Abuela's with a simple gesture of talking with them, listening to them, helping them with their medication and obeying them. On this special day they made badges for their friends for life - Grandparents.

"One moment can change a day; one day can change a life and one life can change the world" —Buddha

Our Ingenious. Endeavours : Graceful Graduation Ceremony

'Let the caps fly and the celebrations begin!'

It was a joyous and exciting day, at IIS, when our young idealites geared themselves up for their Graduation Ceremony. They completed the very first step of academic platform and knocked at the door of primary education. These budding students steered the celebration with their unabated confidence as they

mesmerised everyone with pleasant songs and dance moves. They all looked refreshing and vibrant in traditional convocation gowns and tassel. The icing on the cake was the moment when they were felicitated with scrolls of merit by their parents.

The graduating batch spoke very enthusiastically about what they learned during the course of the year and were ready to move on to accomplish yet another milestone in their lives. Congratulations to our tiny kindy!

Success is not final, failure is not fatal: it is the courage to continue that counts -Winston Churchill

Community Commitment... Giving back to the Society!!

HITOSHITHA - A Social Outreach

There is no such thing as 'Away'-
when we throw anything away,
it must go somewhere.

-Annie Leonard

With the aim to familiarize the students with sustainable environmental practices like Reduce, Reuse and Recycle, a virtual SEWA activity 'Making of bird feeder & Free face mask distribution Campaign' was conducted by the school. A lot of enthusiasm was seen among the students and the Campaign was conducted successfully with whole hearted participation and awareness.

"Be the reason someone smiles. Be the reason someone feels loved and believes in the goodness in people." -Roy T. Bennett

Earth Manners... Go Green Campaign

Farmstead Planning

Describing the future of the soil and promoting the neatness in the lay out of the farms, our farm enthusiast explored kitchen garden, soil requirement for plantation of varied seeds and the right method of sowing them. Progressing towards a green India with tiny soiled hands .

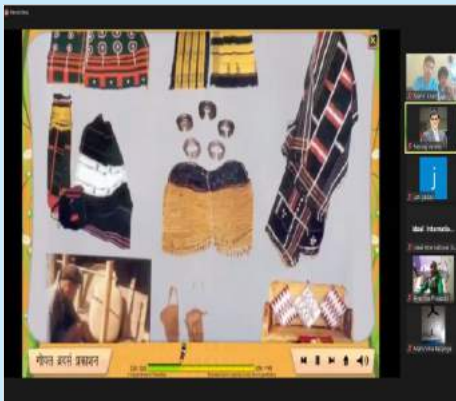

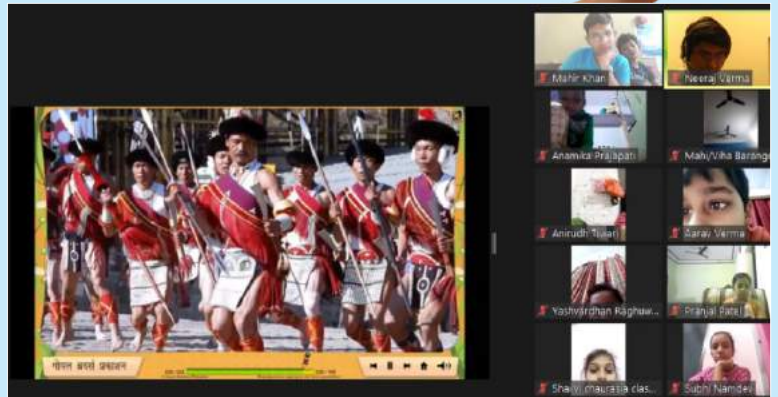

"Time spent amongst the trees is never wasted" -Katrina Mayer

Extended learning Cafe

Health Set Go...

Learning becomes monotonous and rigorous without games, physical exercise and drills. Games, sports and excursions help students to learn how to train oneself to know own limits and goals. It helps kids later on in life in overcoming adversity and imbibing leadership, resilience and teamwork too. During pandemic school hosted several virtual seminars and special lectures on physical fitness and mental well being.

Ek Bharat Shreshth Bharat Project

Coming together is a beginning; keeping together is progress and working together is success as right said by Ford. Learning through reading and researching, webinars and seminars, hands on and articulating, the students at Ideal International School have reconnoitered their paired states of Nagaland and Manipur to the fullest.

"Coming together is a beginning, staying together is progress, and working together is success." -Henry Ford
